

SANJAY KUMAR D

Chennai, India, 7604801875, sanjaydevanandan0605@gmail.com

PROFILE

Motivated Computer Science student seeking an entry-level position with a strong foundation in Python and web development technologies such as React.js and CSS frame works. I also have hands-on experience with Java, including full-stack development, and am familiar with both front-end and back-end technologies. I possess strong problem-solving abilities and effective collaboration skills, and I am eager to contribute to dynamic teams and continue learning in a professional environment.

EDUCATION

Sep 2020 ~ Jun 2024

PROJECTS

Food Order Application

LINK: <https://kaimanam.vercel.app/>

- Project On Takeaway Counter Hotel Website with Working prototype of the website using React JS, Bootstrap for frontend and Firebase for backend.

E-commerce Application

- A full-stack e-commerce application for a dress shopping experience, utilizing React and Tailwind CSS for the front-end, and Java Spring Boot for the back-end. The application allows users to browse and select products, add them to their cart, and make secure purchases.

WORK EXPERIENCE

Aug 2024 ~ Sep 2024

Frontend Developer, Ability Fusion

Chennai

- As a front-end developer, I have designed and developed web applications by converting Figma templates into functional and responsive websites. I collaborated closely with senior developers, working extensively with technologies like React, Bootstrap, Tailwind CSS, and Material-UI, to ensure a seamless and dynamic user experience.

CERTIFICATIONS

Jul 2024 ~ Dec 2024

Java full stack development

Chennai

I completed a Java Full Stack program where I gained knowledge in both front-end and back-end development. During the course, I worked on several projects that allowed me to apply my skills in building comprehensive web applications.

Aug 2024 ~ Sep 2024

Freelance Web Developer Certification

Chennai

I designed and developed web applications by converting Figma templates into functional and responsive websites. I collaborated closely with senior developers, working extensively with technologies like React, Bootstrap, Tailwind CSS, and Material-UI to ensure a seamless and dynamic user experience.
